

**Swimming Newfoundland and Labrador
Officials' Clinics
21 February 2009**

Swim officials are a critical element of any fair, well-run competition. Swimming Newfoundland and Labrador relies on parents from all clubs to become certified and assist with these meets. With this in mind SNL will be holding a series of clinics on 21 February starting at 10:30 a.m. All clinics will take place in Science 4087, Memorial University.

Clinics for the west coast will be announced shortly.

Pre-registration is not mandatory but appreciated. For further information please contact Joan Butler, joanb@mun.ca.
